Rushall	Jul-18	July 2018	Parish Steward Wiltshire Council	Layby in Rushall	Effectively we had some fly-tipping recently that I am arranging to be removed. Someone dumped a 25 litre container of fluid in the lay-by. The label says it is horse blanket shampoo but it cannot be guaranteed that is what is in the container. I tried to get the Parish Steward to remove it but he cannot dispose of it. We cannot take it to the tip as it is not household waste and Everleigh do not take chemicals. The Steward has completed the highways app for it to be removed.	Chemicals	Small			
Wootton Rivers	Oct-18	Oct-18			The layby at the old railway bridges on the road north of Wootton Rivers towards the A346 which is a regular place where small amounts of rubbish is tipped out of cars.	Household items	Small	n/a	n/a	n/a
Wootton Rivers	Oct-18	Oct-18			The bridge between the Wootton Rivers to Easton Royal road and the Easton Royal to Ram Alley road where bigger stuff gets dumped. This bridge was surfaced some years ago by Wiltshire Council so that cars can now drive through and drop stuff off without being observed.	Household items	Large	n/a	n/a	n/a
Marden	Various	23/01/2019		Marden	People who use the layby near the main road often leave rubbish that seems to be mostly food-related. Mark Noble, who farms the adjacent land, just picks it up and disposes it though he is getting a bit fed up with this. The Parish Council is investigating the possibility of putting up an anti-litter notice.	Food & Drink packaging	Small	n/a	Farmer	n/a

Buttermere/Ham	05/10/2020		Wiltshire Council	Buttermere/Ham	No issues of particular concern to Buttermere but as regards fly-tipping there have been two instances recently - approx. 200 tyres in mid-June and last week a load of garden waste - both in the same location on the byway which crosses the road at the top of Ham Hill. The tyres which were blocking the byway were cleared quite quickly and I received a report from the council saying that they had been removed "from land for which the council is responsible". However those tyres which were obstructing the byway had been thrown over the fence into the adjacent field and the council contractors left them there. Unsurprisingly the landowner put them back on the byway and so I had to ask the council to make a second visit. Sticking to the rules no doubt but a short-sighted, stupid and costly attitude. Burbage	Unknown	15/01/2021	Unknown	Bedwyn Common	We've had one case of fly tipping this year to my knowledge (I and several others reported it) on the layby adjacent to Bedwyn Common on the Savernake Rd just before the junction with the road from Bedwyn to the A4 at the Palm Restaurant. Grid 656250. It was a sizeable dump of building materials from a refurbished bathroom or kitchen. Some of the packaging had customer address labels on and these details were reported to Wilts Council as well. No feedback received except matter dealt with, case closed or similar. I have seen an increase in rubbish dumped beside the roads near Bedwyn Common since Christmas. Not exactly fly tipping but abandoned children's bikes etc.	Building materials	Large	Unknown	Wiltshire Council	Steve Colling

Rushall	Jul-21	n/a	Wiltshire Council	Rushall Drove	During the road closure we had Fly-Tipping up the Drove which Richard Wohanka had cleared up. At the same time we had vandalism/theft with a lot of the newly planted trees ripped out (The Drove). This was probably because of the quiet nature of that area while the road was closed.
